

## LFA TUITION FEE REFUND AND COMPENSATION POLICY

### Introduction

1. **Background:** London Film Academy (LFA, Our, Us, We) is committed to delivering the educational services set out in Our literature so that students (You/r) can complete their studies here. However, We recognise this may not always be possible and have implemented this policy in recognition of the need to protect the interests of Our prospective and current students and to set out the circumstances in which a refund and/or compensation can be expected.
2. **Policy status:** Along with Your Offer Letter, the Terms and Conditions and LFA Policies and Procedures, this policy forms part of the Agreement between You and LFA. It is therefore very important that You read this document carefully before accepting a place.

### Definitions

3. A **Refund** is a repayment (or waiver or reduction) of tuition fees paid to LFA. A refund may be payable in the event that a student withdraws from their course, suspends their studies, changes their mode of study or benefits from a discount, scholarship or waiver. A refund may also be paid in the event that LFA cannot preserve continuation of study.
4. **Compensation** may be payable to a student in response to losses they have suffered in connection with disruption to the continuation of their studies.
5. A **Current student** is one already registered and enrolled on an academic course at LFA.
6. A **Prospective student** is one who has been offered a place at LFA but has not yet registered or enrolled or started their course.

### Registration Fees and Additional Costs

7. **Administration Fee:** LFA Administration Fee covers the administrative costs incurred during the admissions process and is non-refundable.
8. **CAS Fee:** LFA CAS Fee covers the cost payable by LFA to UKVI for issuing You with a CAS number and is non-refundable.
9. **Course Transfer Fee:** LFA Course Transfer Fee covers the administration costs incurred in transferring You from one course to another and is non-refundable.
10. **Deposit Fee:** LFA Deposit Fee registers Your place on the course and is non-refundable.
11. **Additional costs:** LFA may charge You additional costs relating to particular courses to cover, for example, awarding body registration fees, examination and assessment fees, books, field trips, specialist clothing or materials. Any additional costs are set out in Your Offer Letter alongside tuition fees. Information on these costs can also be accessed via the course pages on the LFA website.

### Fee Increases

12. **Regulated Fees:** Undergraduate tuition fees for home students are regulated by the UK government. LFA reserves the right to increase these fees on an annual basis in line with the maximum increase permitted by the UK government. Such fee increases will apply to all modes of study, including repeat years of study.

13. **Unregulated Fees:** LFA reserves the right to increase unregulated tuition fees on an annual basis. LFA will endeavour to limit each increase to no more than five per cent above the previous year's fees but from time to time a greater increase will be made. Such fee increases will apply to all modes of study, including repeat years of study.
14. **Fees increases:** LFA will only apply a fees increase in respect of new students and will not increase tuition fees during the course of an academic year for Current or Prospective Students.

#### Student Loans (Eligible students only)

15. **Loan status:** You may be permitted to enrol on a course prior to confirmation that Your Student Loan Company (SLC) application has been approved but do so at Your own risk. In such cases You must provide evidence that Your SLC application has been submitted by no later than the course induction day. Furthermore, if within eight weeks of the course commencement date You have still not received SLC loan approval and have not otherwise paid Your tuition fees or confirmed sponsorship, LFA may terminate registration.
16. **Responsibility:** You are responsible for entering the correct course and fee information when applying to the SLC for support. Applications for support must be made for each year of study for the correct course, course year and amount. You are strongly encouraged to apply for student loan funding well in advance of the start of the academic year.
17. **Additional study:** The SLC normally provides loan funding for a first undergraduate degree for the number of years' duration of the course plus one (1) year. You will be personally liable for any additional years of study, or for any years of study that may not be funded by the SLC due to previous study at another institution.

#### Planned Termination

18. LFA may be faced with circumstances where the **Student Protection Plan** is triggered and the delivery of a course cannot continue (for example because it is not financially viable to continue).
19. LFA recognises its responsibility to protect the interests of its Prospective and Current students in the event that commencement or continuation of study is not possible. Measures that would be taken include:
- providing advice and assistance so that students can decide whether to transfer to another course or seek to continue their studies with an alternative provider;
  - enabling current students who do not wish to continue their studies to leave the LFA with an 'exit award' which reflects their level of attainment;
  - ensuring that any student in receipt of bursary funding is able to continue to receive that funding if they transfer to another course or continue their studies at an alternative provider;
  - implementing a refund and compensation response that reflects the particular circumstances of individual students (see clauses 20-25 below for more details)

#### Events Beyond the Control of LFA

20. Any **event beyond the reasonable control** of the LFA is a Force Majeure Event. Force Majeure Events shall include (but are not limited to) such events as an act of God, fire, flood, storm, other natural disaster, nuclear disaster, threat of war, war, riot, civil unrest, act of terrorism, strikes, industrial action and disputes, outbreak of epidemic or pandemic disease, failure of utility service or transportation. ### Compensation

25. **Scope:** The LFA aims to ensure that the student learning experience is delivered as described in its literature (e.g. Website, Student Handbooks and Prospectus). The LFA will endeavour to avoid making changes to course content, location or mode of delivery but where this is unavoidable will act to mitigate the effects on students.
26. **Compensation Principles:** We adopt the compensation principles used by the Office of the Independent Adjudicator (OIA) and will consult with the students to develop a compensation plan relevant to the circumstances. This may include:
- actual foreseeable, evidential and reasonable financial loss incurred by You (e.g. loan interest, travel costs, etc).
  - compensation payments for day to day living expenses that reflects reasonable expenditure in cases where You have incurred costs while a decision from the LFA has been pending or where Your studies have been extended as a result of the triggering of the Student Protection Plan.
27. **Forms of Compensation:** Compensation may take the form of a financial payment, a discount, or some other form of benefit.

Financial Compensation is paid by bank transfer and will only be made to the student personally, to the country and account from which the tuition fees were originally paid. Payment of compensation is subject to the provision of appropriate evidence that the additional expenditure has been incurred.

### Validating Partner Provision

28. **Students on University of Derby (UoD) Partnership Provision:** Whilst LFA's Student Protection Plan is the primary framework of protection there is an additional protection through the validating partner. For courses delivered in collaboration with a UoD partner, UoD state they are responsible for the protection of students' interests and so the principles of their Student Protection Plan apply. In the event that a partner (LFA) is unable to continue to offer a franchised or validated course, they would work closely with UoD partner (LFA) to ensure continuation of study; in such circumstances they would consider contingency actions such as transfer of students onto another University of Derby delivery site/University of Derby mode of delivery or assist the transfer to an alternative provider.
